

Dental Spa Insurance Policy

Dental Spa accepts assignment of estimated insurance benefits as a courtesy to our patients. Please note that dental insurance is a contract between you and your insurance company. It is not a contract between the dentist and the insurance company. Our usual and customary fees, which are modest with our geographical area, are a reflection of our commitment to excellence.

All insurance claims are submitted within 24 hours of service rendered. However, we have found that some insurance companies do not reimburse us within an adequate time frame. After 30 days, we will re-submit your claim as an added courtesy to you. If the claim is still not paid 60 days later, you will be responsible to make contact with your dental insurance carrier regarding the outstanding dental claim. We strongly recommend that you follow up with your dental insurance company to ensure prompt processing of your dental claims. This will avoid any balance unpaid by the dental carrier becoming a patient balance.

Balances remaining after sixty (60) days that are due from patient may accrue interest and be sent to our collection specialist for payment.

Dental Spa recommends that you read your dental insurance policy or contact your dental carrier to make yourself fully aware of any restrictions, deductibles, exclusions & limitations that may apply to your dental benefits. We are not responsible for any information you DO NOT know about your dental policy.

Any unpaid amounts/or services not covered by your dental insurance carrier will become the patient's responsibility. In addition, in the event you're dental policy becomes cancelled or terminated for any reason or cannot be verified the patient or responsible party will be responsible for the entire fee amount including the insurance portion.

Dental Spa staff will attempt to provide you with an **ESTIMATED** treatment plan prior to any dental services rendered based on your insurance benefits provided to us by your dental insurance carrier, all estimated patient copays are due at the time services are rendered, unless other arrangements have been made with a member of our management team prior to any services being rendered. We have special arrangements with third party financial companies to assist our patients with low or no interest payment plans, see a member of our management team for details.
